Open Letter to Lawyer IVON SAMPSON & JEREMY KYLE

Dear Jeremy Kyle

If you believe I am INVENTING something or I am making this up, you better DOCUMENT YOURSELF.

And to make this clear with you, I BET £200.000 with LAWYER IVON SAMPSON.

I PROMISE **I WILL FUND 200.000 IVON SAMPSON CIVIL RIGHTS AWARD,** or the equivalent in scholarships, in RECOGNITION of Lawyer Ivon Sampson for his outstanding understanding and contributions to the advancement of Civil Rights and Systemic Equality.

The ONLY CONDITION is that LAWYER IVON SAMPSON has to demonstrate **REAL KNOWLEDGE** and answer a few simple questions concerning the Civil Rights he claims to know and to represent.

1) On the 3rd January 1925 Mussolini said that - **The democratic values have to be found in the Catholic tradition** - Then he dismissed the Parliament, the political parties, the freedom of press, created Vatican City, made the Catholic Religion the Religion of State and persecuted the oppositions as Apostates of the faith and enemies of the State.

After 100 years I ask LAWYER IVON SAMPSON if he could name one democratic value that it has ever been a catholic value in history.

I wonder if he could tell how the democratic values have become catholic legacy, without having to quote the FASCIST RACIAL LAWS of Mussolini enacted by a dictator on the 3rd of January 1925 as evidence of democracy.

I appreciate the lawyer Ivon Sampson could tell the difference between the FASCIST RACIAL LAWS and the NAZI racial laws, bringing some light to what many miss in the dark of ignorance, and to clarify for everyone whether after World War II those FASCIST RACIAL LAWS were ABOLISHED, or RENEWED.

NOW I EXPLAIN THE QUESTION FOR EVERYONE,
and Jeremy Kyle.

2) **Before Mussolini there was no Vatican,** and the Vatican was prohibited the Public Administration of the Civil Rights of the people, because of the alternative system of Values of the Church, and regime of intellectual servitude and moral blackmail they represent. Because of the tradition of selling indulgencies, privileges and favours, the same as today they selling Civil Rights, and then expect and demand intellectual sodditance, and bribery, blackmail and witch-hunt as usual.

I would like LAWYER IVON SAMPSON could tell one democratic value that it has ever been a Catholic value in history, especially concerning the Freedom of Choice and the Secular Value of Justice he claims to represent. I also like to know why it took a dictatorship to restore the Vatican.

3) **The democratic values,** like the Freedom of Choice and the Secular Value of Justice, **are the result of the EMANCIPATION from the ABSOLUTE POWER** of the Church, and these values have never been catholic values but catholic heresies and have been persecuted throughout history by the Church, and last by Mussolini. Could you name one democratic value that it has ever been a catholic value in history? Could you tell how the democratic values have become catholic legacy without having to quote THE FASCIST RACIAL LAWS enacted the 3rd January 1925?

4) Then I like to underline for the LAWYER IVON SAMPSON that ESPECIALLY the secular value of justice, **especially the EMANCIPATION from the DIVINE JUSTICE** is the EXACT REASON why the Ancient Romans used to call the christians with the name of UNCIVILIZED BARBARIANS and TERRORISTS.

And **this doesn't make me a COMMUNIST but makes them Romans from Jerusalem.**

So I send you the REPORTS and WITNESSING of the English Police and Solicitor and more Public Officers concerning EU citizens that become paperless in England; about this matter the EU sent lawsuit to Italy for the violation of Civil Rights, on the ground of the letters of the Italian Consulate, and the witnessing of the English Police, the Solicitor and more Public Officers, and this story was also reported in the news in Italy but the prosecutor stated that "it has never happened".

From LAWYER IVON SAMPSON I like to know if it is the Holy Cross in the courtrooms to make people paperless, and to transform the perjury of Public Officers into acts of devotions and career opportunities.

5) I like LAWYER IVON SAMPSON could **find one professor or a student from Oxford and Cambridge, to answer the questions.** Since they are so well educated, I like they could **quote from their schoolbooks the FASCIST RACIAL LAWS enacted the 3rd January 1925, could they?** I wonder IF they are 100% selected idiots with NO EXCEPTIONS, or it was the number and the conformism to make them democrats and to claim to represent individual differences and the free world? Could they tell how the democratic values have become catholic legacy without having to quote THE FASCIST RACIAL LAWS enacted the 3rd January 1925 as a sign of democracy? Or they are just obedient like parrots, and would do whatever to please their master?

6) I wonder from LAWYER IVON SAMPSON **if they could distinguish GOOD and EVIL at all,** with their claim that the democratic values would be catholic legacy, without being able to tell any of these democratic values of catholic origin, or they are just **100% SELECTED IDIOTS with NO EXCEPTIONS.**

But I understand they feel they have the rights to do their RACCOMANDATIONS, in the name of their alternative system of values, and as consequence whatever idiot has the rights to feel honest with the recommendations of the bishop for diplomas and degrees they never had, while the other, the locals cannot have confirmation of their true academic career from State Universities (and with best marks), become paperless and are persecuted as TERRORISTS for their claim to have rights not to be the impostors.

7) **Finally but not less important, I like to address the HOLOCAUST Survivor Senator Liliana Segre,** today sitting in the Italian Parliament. IN FACT SHE IS THE BEST COVER UP FOR THE FASCIST RACIAL LAWS. And with the symbols of their double standard hanging from the walls THEY DISOWN THE FASCIST EXPERIENCE that is THE ONLY REASON to justify them as democrats in that Parliament, vanishing people and opposition paperless into thin air.

As consequence I like to invite LAWYER IVON SAMPSON to contact the Senator and **ASK HER IF she was persecuted because of the FASCIST RACIAL LAWS** enacted the 3rd January 1925, **OR she**

had to wait 14 years later for the NAZI RACIAL LAWS enacted in Italy late October 1938. You may ask the Senator how many Italian people have been persecuted before her, and how many after her UNTIL TODAY. You may also ask his son the lawyer.

And since the NAZI racial laws have been abolished in 1945, also including those enacted in Italy in 1938, I like the LAWYER IVON SAMPSON could ask the Senator Liliana Segre to tell the day the FASCIST RACIAL LAWS enacted the 3rd January 1925 have been abolished, if she could.

In fact, the FASCIST RACIAL LAWS enacted the 3rd January 1925 **HAVE NEVER BEEN ABOLISHED BUT RENEWED** in 1949, after the end of the war, **and these RACIAL LAWS are the only reason to justify the presence of the Vatican today**, distributing civil rights as favours to whatever idiot meets their requirements, and their claim that the democratic values would be Catholic legacy, to trade like indulgences.

In fact NOBODY would EVER be able to tell ANY of these democratic values of Catholic origin, NOT WITHOUT HAVING TO QUOTE THE FASCIST RACIAL LAWS enacted by a dictatorship.

... AND FOR THE DEMOCRATS THE HOLOCAUST IS NOT ENDED YET ...

Dear LAWYER IVON SAMPSON your IGNORANCE concerning CIVIL RIGHTS is second only to the best egghead mandarin professors from Oxford and Cambridge, but democratically speaking you can always try to answer the questions. Ask the mandarin from Oxford and Cambridge to help you... They are multi-cultural multi-ethnic anti-racist very well educated democrats claiming to represent the individual differences, diversity and THE FREE WORLD...

Ask them the difference between the FASCIST RACIAL LAWS and the NAZI racial laws, bringing some light to what many miss in the dark of ignorance, and to clarify for everyone whether after World War II those FASCIST RACIAL LAWS were ABOLISHED, or RENEWED.

Ask them to answer the £200,000 LAWYER IVON SAMPSON CIVIL RIGHTS AWARD!

Until then, you can continue to claim the democratic values are Catholic legacy, and call yourself a true democrat really concerned about Civil Rights, just like the honourable mandarins of your teachers.

Dear Jeremy Kyle, you are concerned about Religion, and LAWYER IVON SAMPSON morality. In evidence they are proud supporters of the Racial Laws they represent so well.

I wonder, If LAWYER IVON SAMPSON was honest, **I wonder why he doesn't lawsuit his University** for the poor teaching and Mickey Mouse degree, just like POW WONG did; she also won the case and £60,000 refund, without a legal fight!

But just to make my point, I would ask Oxford and Cambridge concerning the Civil Rights of the English and European people becoming paperless at home! Or is it the Freedom of Speech and the Freedom of Choice to make the local people paperless?

With best regards
Luca Benatti
